

Clover Bar Junior High School

Hockey Plus Program

2017-2018

The Hockey Plus Program allows students to combine their passion for Hockey with their academic studies. The program is provided to help student hockey players grow athletically, academically and socially. The Clover Bar program encourages and supports broad participation for both boys and girls from grades 7 to 9.

The Hockey Plus Program is for students who have:

- a great attitude about school
- a passion for the sport of Hockey
- a desire to learn and improve their Hockey skills
- a very good work ethic, both on and off the ice—do their homework, hand in their assignments and work hard on the ice.

The class is one of two electives that students choose alongside their core subject areas.

Removal of students from the program is based on:

- academic work ethic/completion rate
- attitude/work ethic on ice
- inappropriate behavior

Practice Principles:

The program will have a skills focus as set out in the Hockey Canada Skills Academy including all aspects of:

- Skating
- Shooting
- Passing
- Puck handling
- Offensive and Defensive tactics

Hockey Plus (continued)...

Scheduling

The program is ongoing throughout the year with students participating in 3 skills-focused sessions in a 6-day cycle. Students will have approximately 100 hours of on-ice time throughout the year. There is a goal-tending instructor with the program.

Facilities

The program will continue to run out of Millennium Place.

Transportation / Equipment Storage

Students and equipment are transported to Millennium Place and back to Clover Bar on Clover Bar busses daily. Equipment can be stored at Clover Bar in a keypad secured out building that is monitored 24/7 with a security camera. Players and parents have 24/7 access to the storage building.

Program Cost

The projected cost for the 2017-2018 year will be \$1900.00. There is a \$500 deposit due upon acceptance into the Hockey Program. This deposit will be put towards the fee for this program.

Registration

A program registration form is required and is attached to this form.

Parent Participation

Parents are an important component of the program and their support is essential to make the program as effective as possible. Parents need to help by keeping equipment available and clean, ensuring students maintain their studies and communicating with the instructors with any questions or concerns.
