Head Coach's Report - By Daniel Drummond

We have quickly come to the end of our winter training phase and with some luck we will hopefully be outdoor after the spring break holiday. In January we were able to participate in another exhibition series with St. Edmund's academy at the East soccer center as well as Victoria's 7v7 facility. It gives our players the opportunity to compete against other players while applying some of the themes and topics throughout the winter training. In addition to this we had the opportunity for a couple female guest coaches, professional women's player Danica Wu and Kauany. Kauany, who coached alongside us for the past couple months currently plays and lives in Brazil. Moving into the outdoor training phase we look forward to continuing our training and having opportunities for match play vs St. Edmunds as well as the JP invitational tournament.

Clover Bar Welcomes Danica Wu

Prior to Christmas break we had a special guest drop in to visit the academy and discuss her current career as a professional soccer player in the Women's Bundesliga.

Danica discussed, her working environment and how she made her way to wear she is now. Danica has been capped for the Canadian Women's National Program.

STM Annual Christmas Tournament

Congratulations to all four teams in the STM Christmas Tournament. The teams participated well in a very enjoyable learning environment. There were lots of positives to take away from the experience, including the support of the senior players to the junior players. Excellent role modelling was displayed by our senior players. One of the junior teams finished the tournament with a 4-0 record, which was fantastic.

Clover Bar Alumni News

Congratulations to Clover Bar Alumni Carlee Griffiths in her recent signing to a full scholarship to Jackson State University in Mississippi for next year. She will be playing in the NCAA Division I Women's Conference. We wish her continued success in her soccer aspirations!

Kauany Joins Clover Bar Soccer

During December, January, and some of February our academy welcomed Brazilian soccer player Kauany to join our program. She was a great role model for the students in the program. Kauany first joined our soccer program three years ago on a soccer student exchange with alumni student Carlee Griffiths. Kauany could not get enough of Canada and came back to visit again. This time she was used to model various skills in a coaching capacity.
